

Our Story

Trading late corporate nights for my true passion.

After many long night shifts analyzing data and mapping out solutions in the corporate world, I decided to follow my heart into the kitchen.

Daily Bap was born from a deep love for cooking and a simple mission: to share authentic, vibrant comfort food with Guwahati.

For me, the ultimate reward isn't found in a complex Excel Sheet, but in the genuine smile on your face when you enjoy our food.

That's when it all comes together.

No rules. No fancy techniques.

JUST GOOD FOOD, ONE BITE AT A TIME.
